Diamond Cutting Tools

Diamond Saw Blade

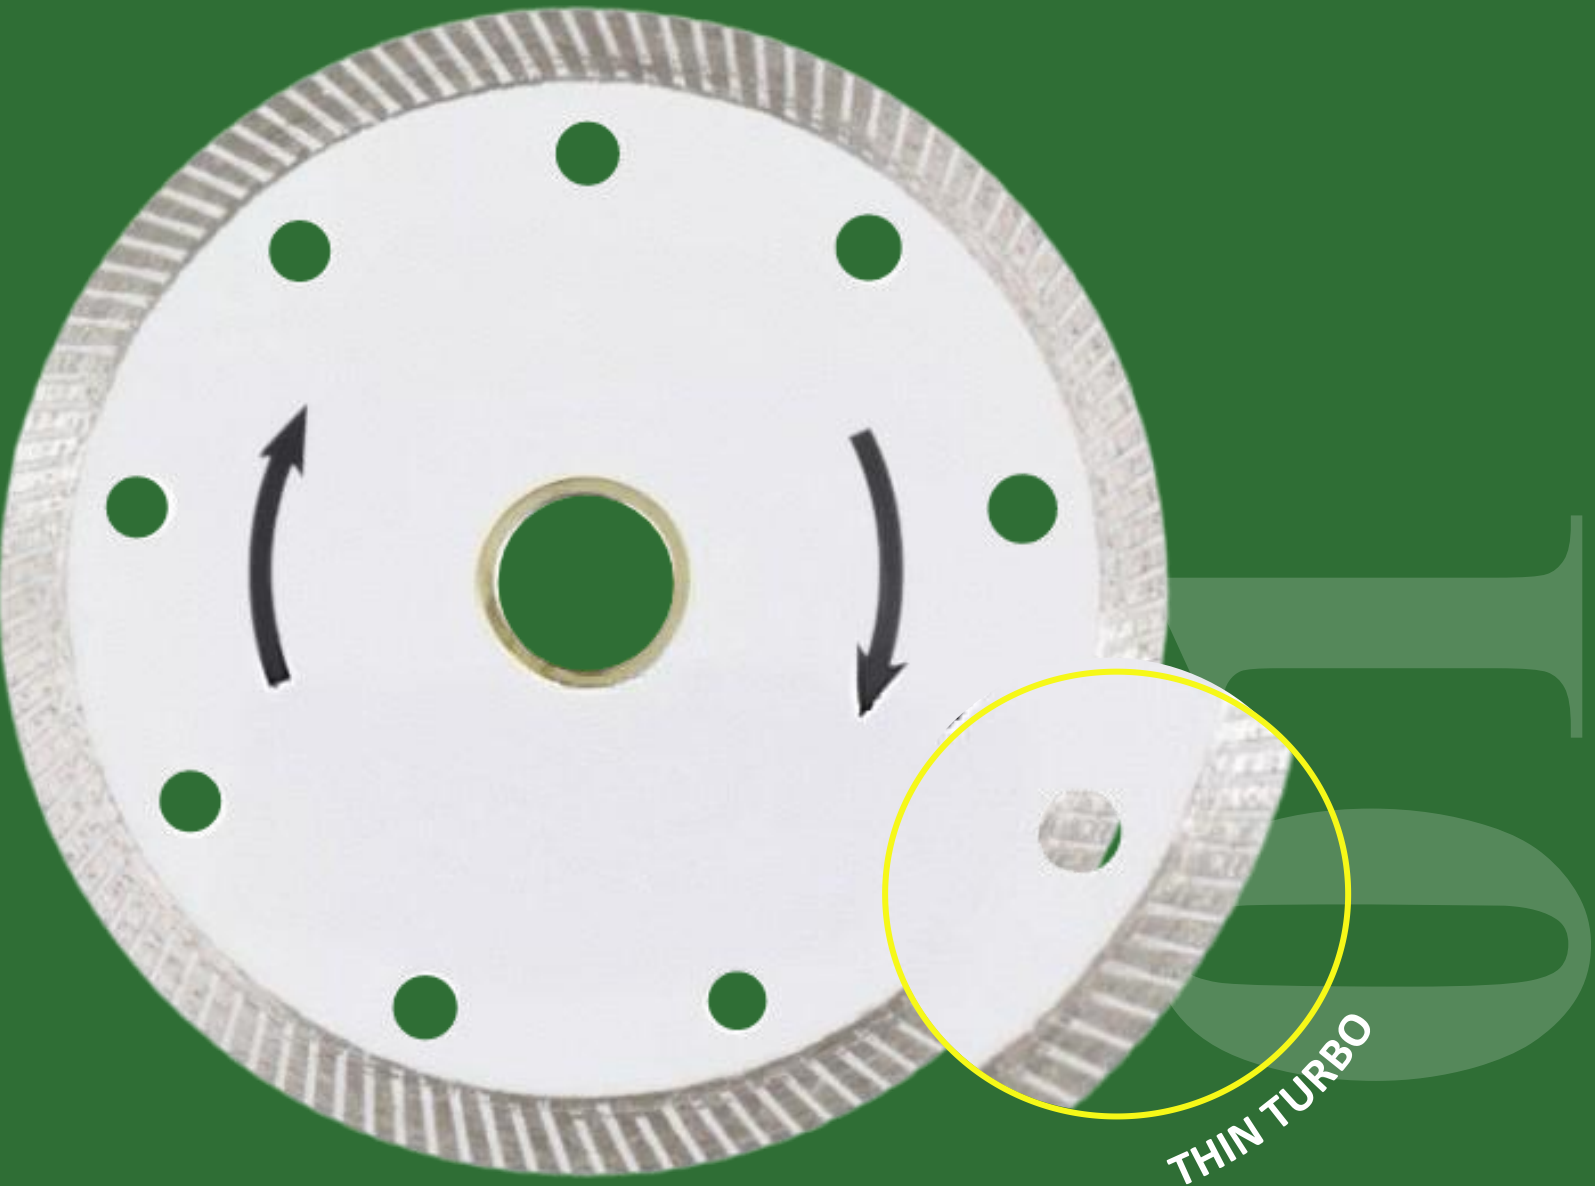

Diameter	Height	Arbor
105mm	7/10mm	20mm
110mm	7/10mm	22.23mm
115mm	7/10mm	22.23mm
125mm	7/10mm	22.23mm
...	...	...
350mm	8/10mm	25.4mm

- For general cutting of granite, marble, masonry, and concrete materials.
- Different arbor hole sizes and segment specifications are available.

Diamond Cutting Tools

Diamond Saw Blade

- Most popular size in BR: 110*1.2*8*20/16mm
- Customizable available.
- High performance diamond blade suitable for miter cuts: ceramic, marble, granite, decorative stones and porcelain tiles.

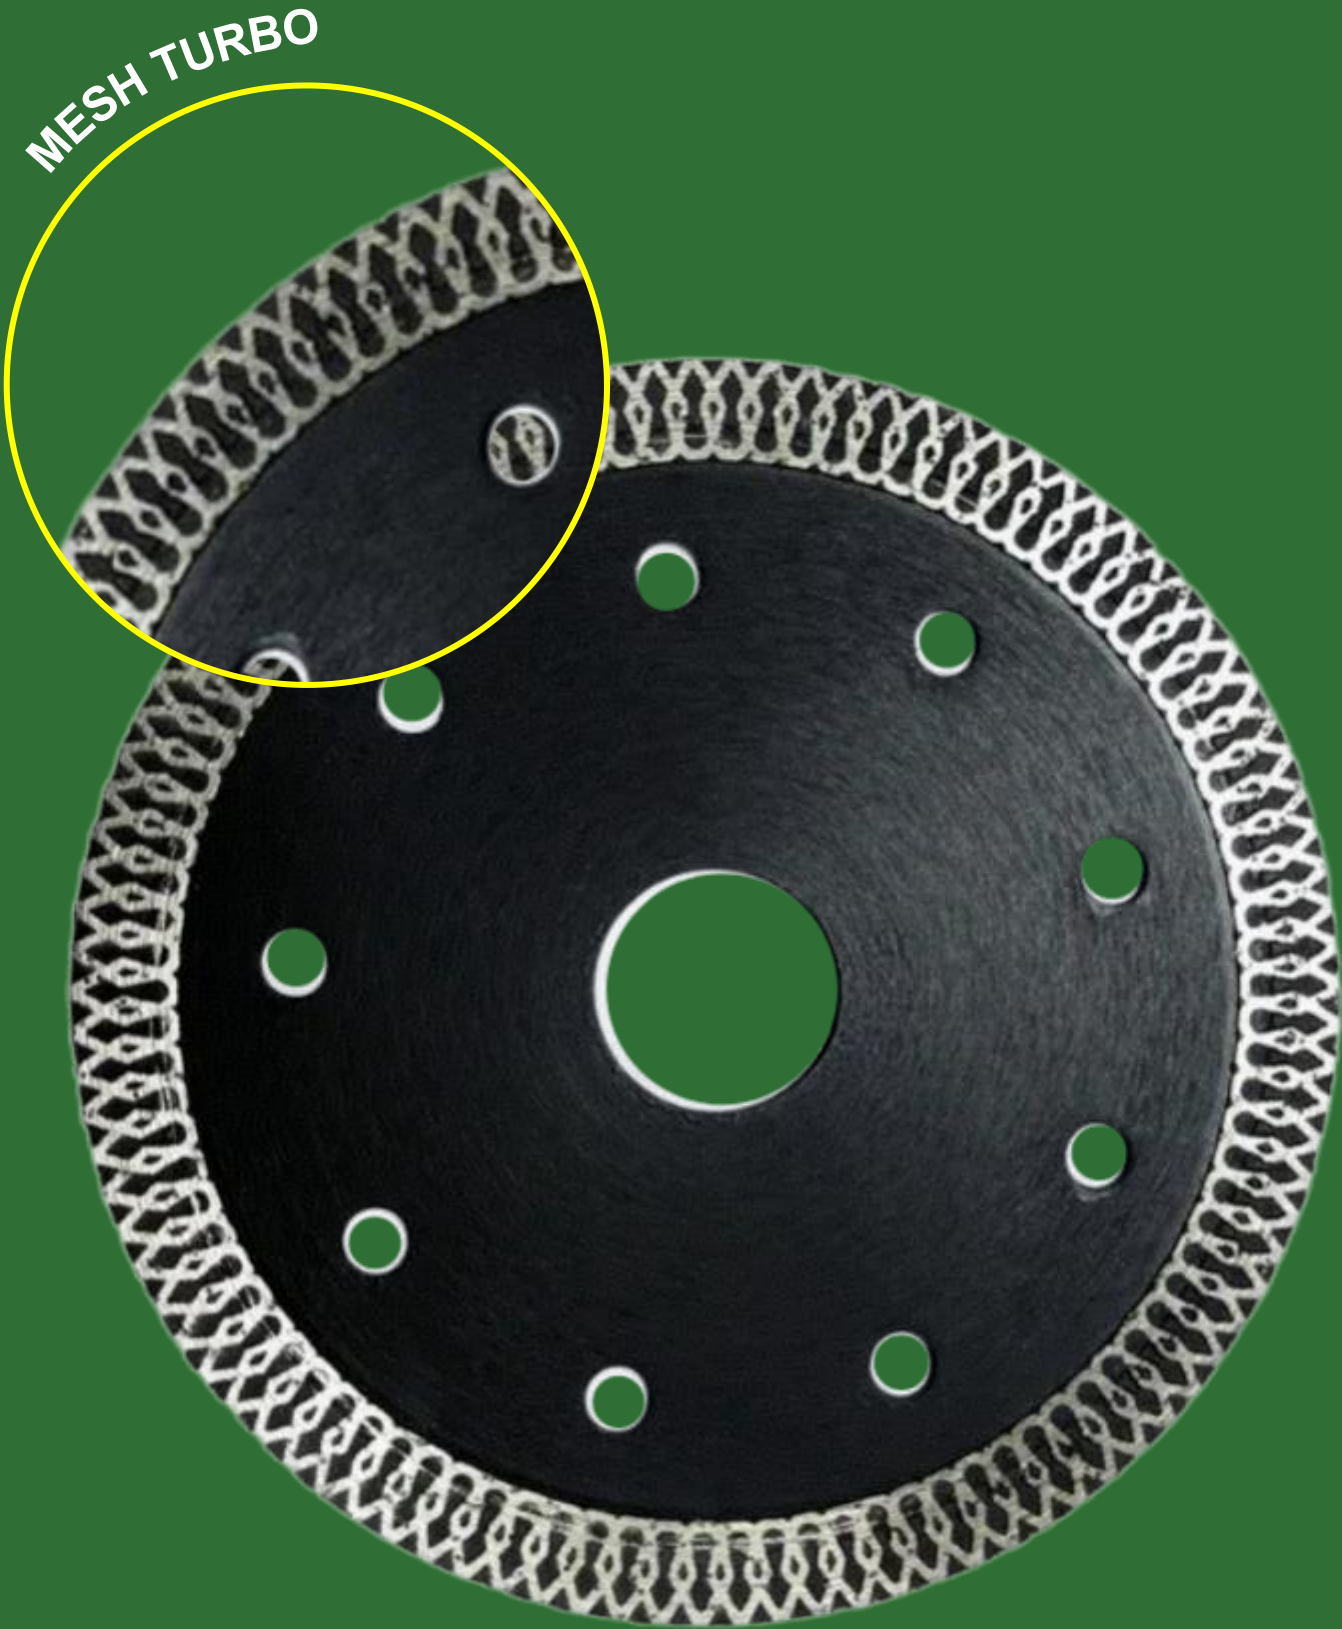

Diameter	Height	Arbor
105mm	7mm/10mm	Customizable
110mm	7mm/10mm	

Diamond Cutting Tools

Diamond Saw Blade

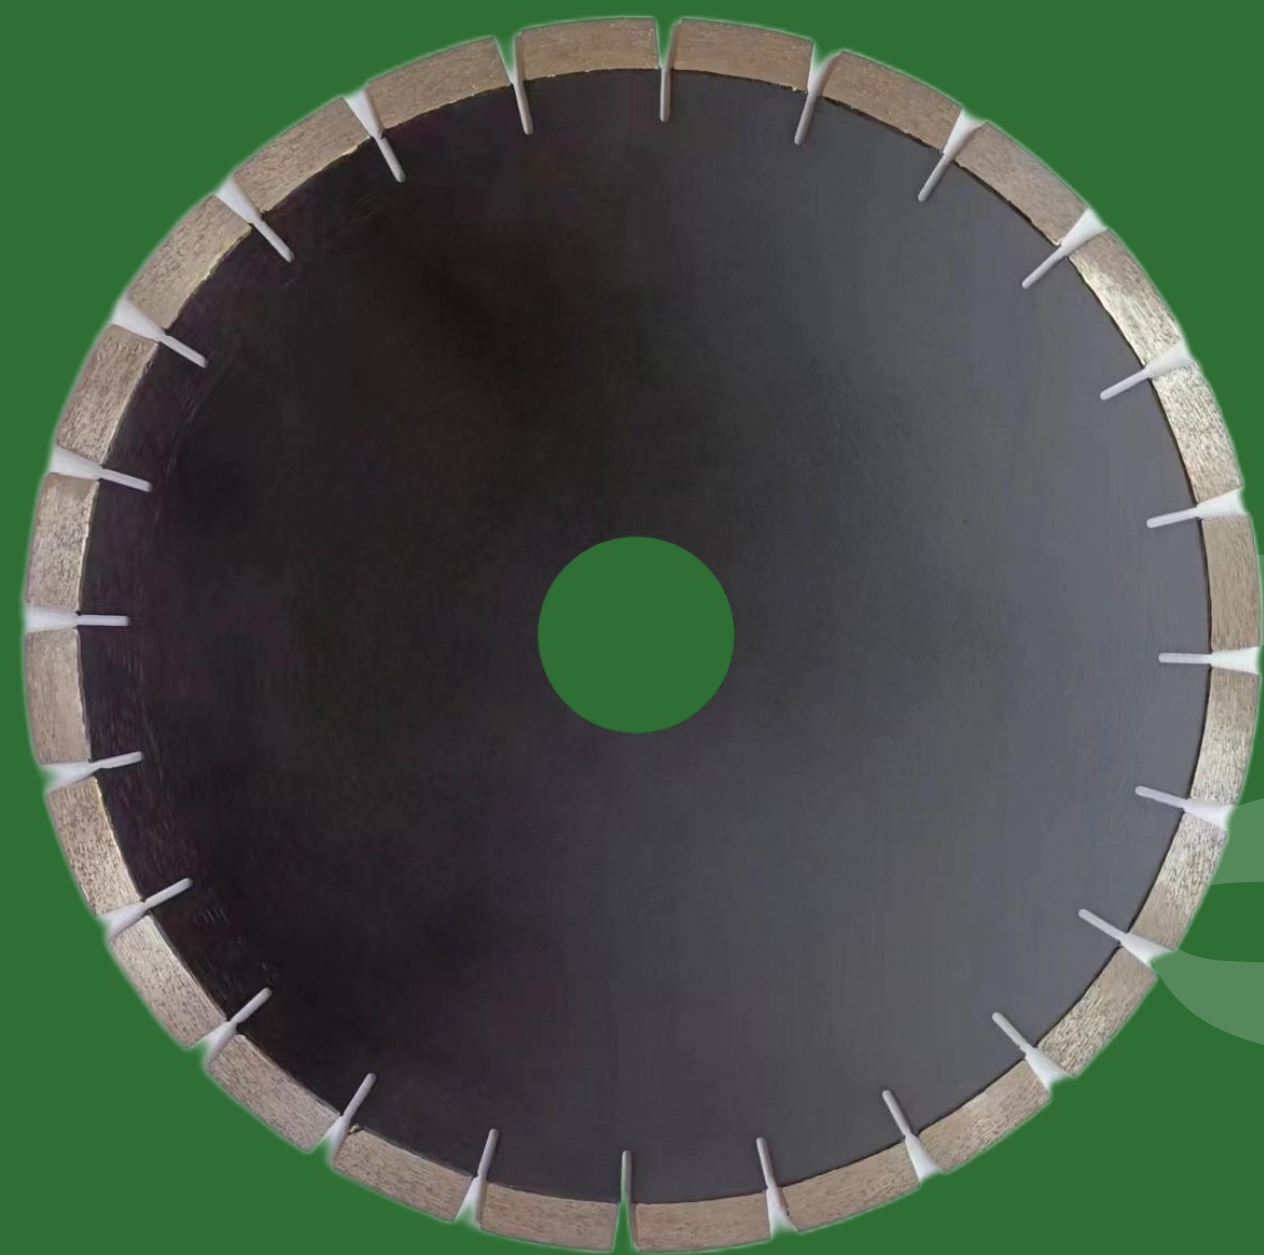

- Diamond cutting blade to porcelain and ceramic tiles.
- Most popular sizes are 105mm and 115mm.
- Size available from 105mm to 400mm.

Diameter	Height	Arbor
105mm	10	Customizable
115MM	10	

Diamond Cutting Tools

Diamond Saw Blade

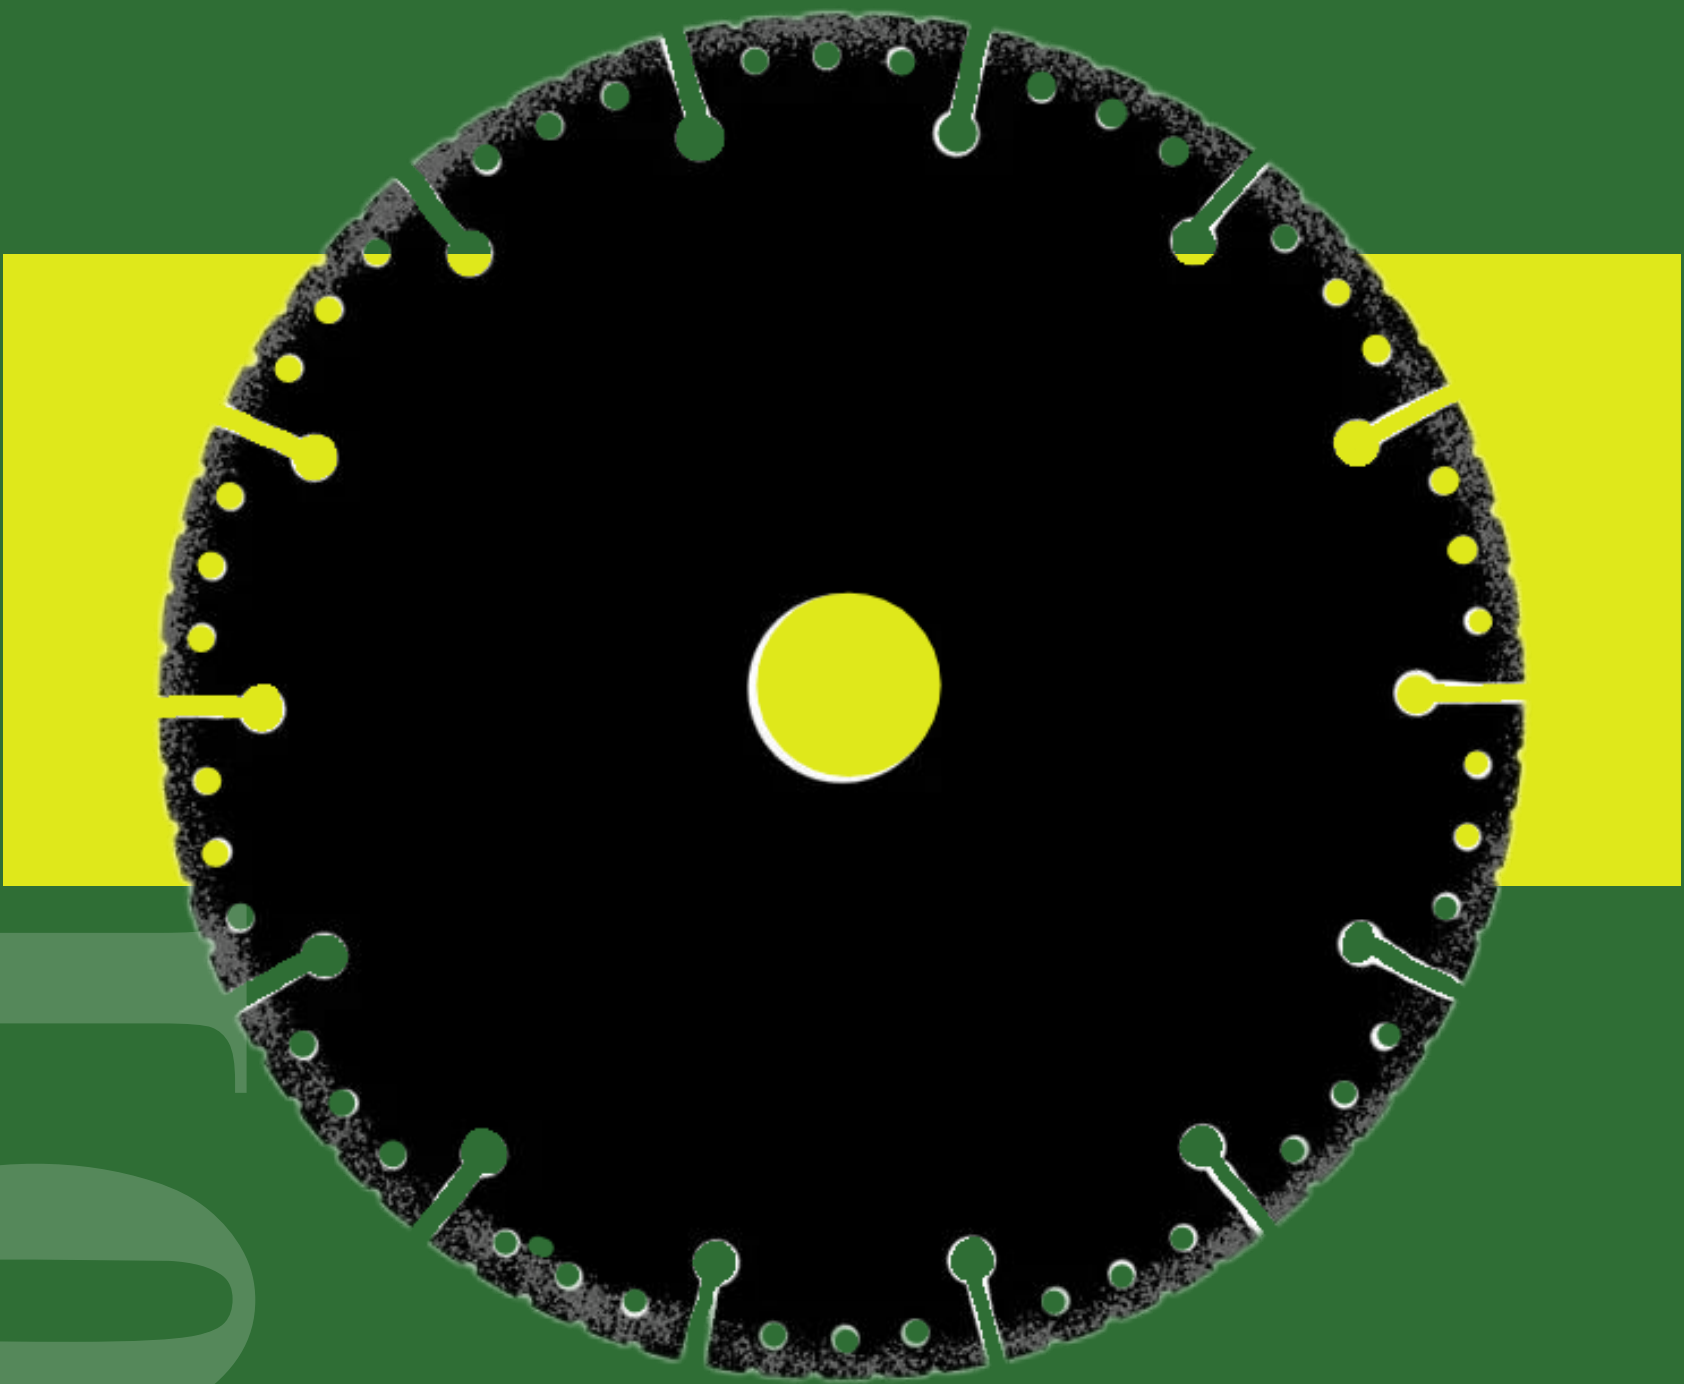

Diameter	Height	Arbor
350mm	15mm	Customizable

- Cutting stability: high quality core
- Long service life: metal bond balanced with high quality diamonds.
- Good cutting to granite.
- Have two options: silent core, and normal core.
- Popular size: 350*3.3*15*50mm

Diamond Cutting Tools

Vacuum brazed Diamond Saw Blade

Diameter	Height	Arbor
75mm	4mm	Customizable
90mm	4mm	
105mm	4mm	
115mm	4mm	
125mm	4mm	
180mm	4mm	
230mm	4mm	

- Vacuum brazed.
- Longer life over abrasive disc.
- Less smoke and fewer sparks while cutting.
- Smooth cutting without vibration.

Diamond Cutting Tools

Carbide Saw Blade

- Suitable for cutting wood, plastics, drywall and cement board.
- Customized package and design available.

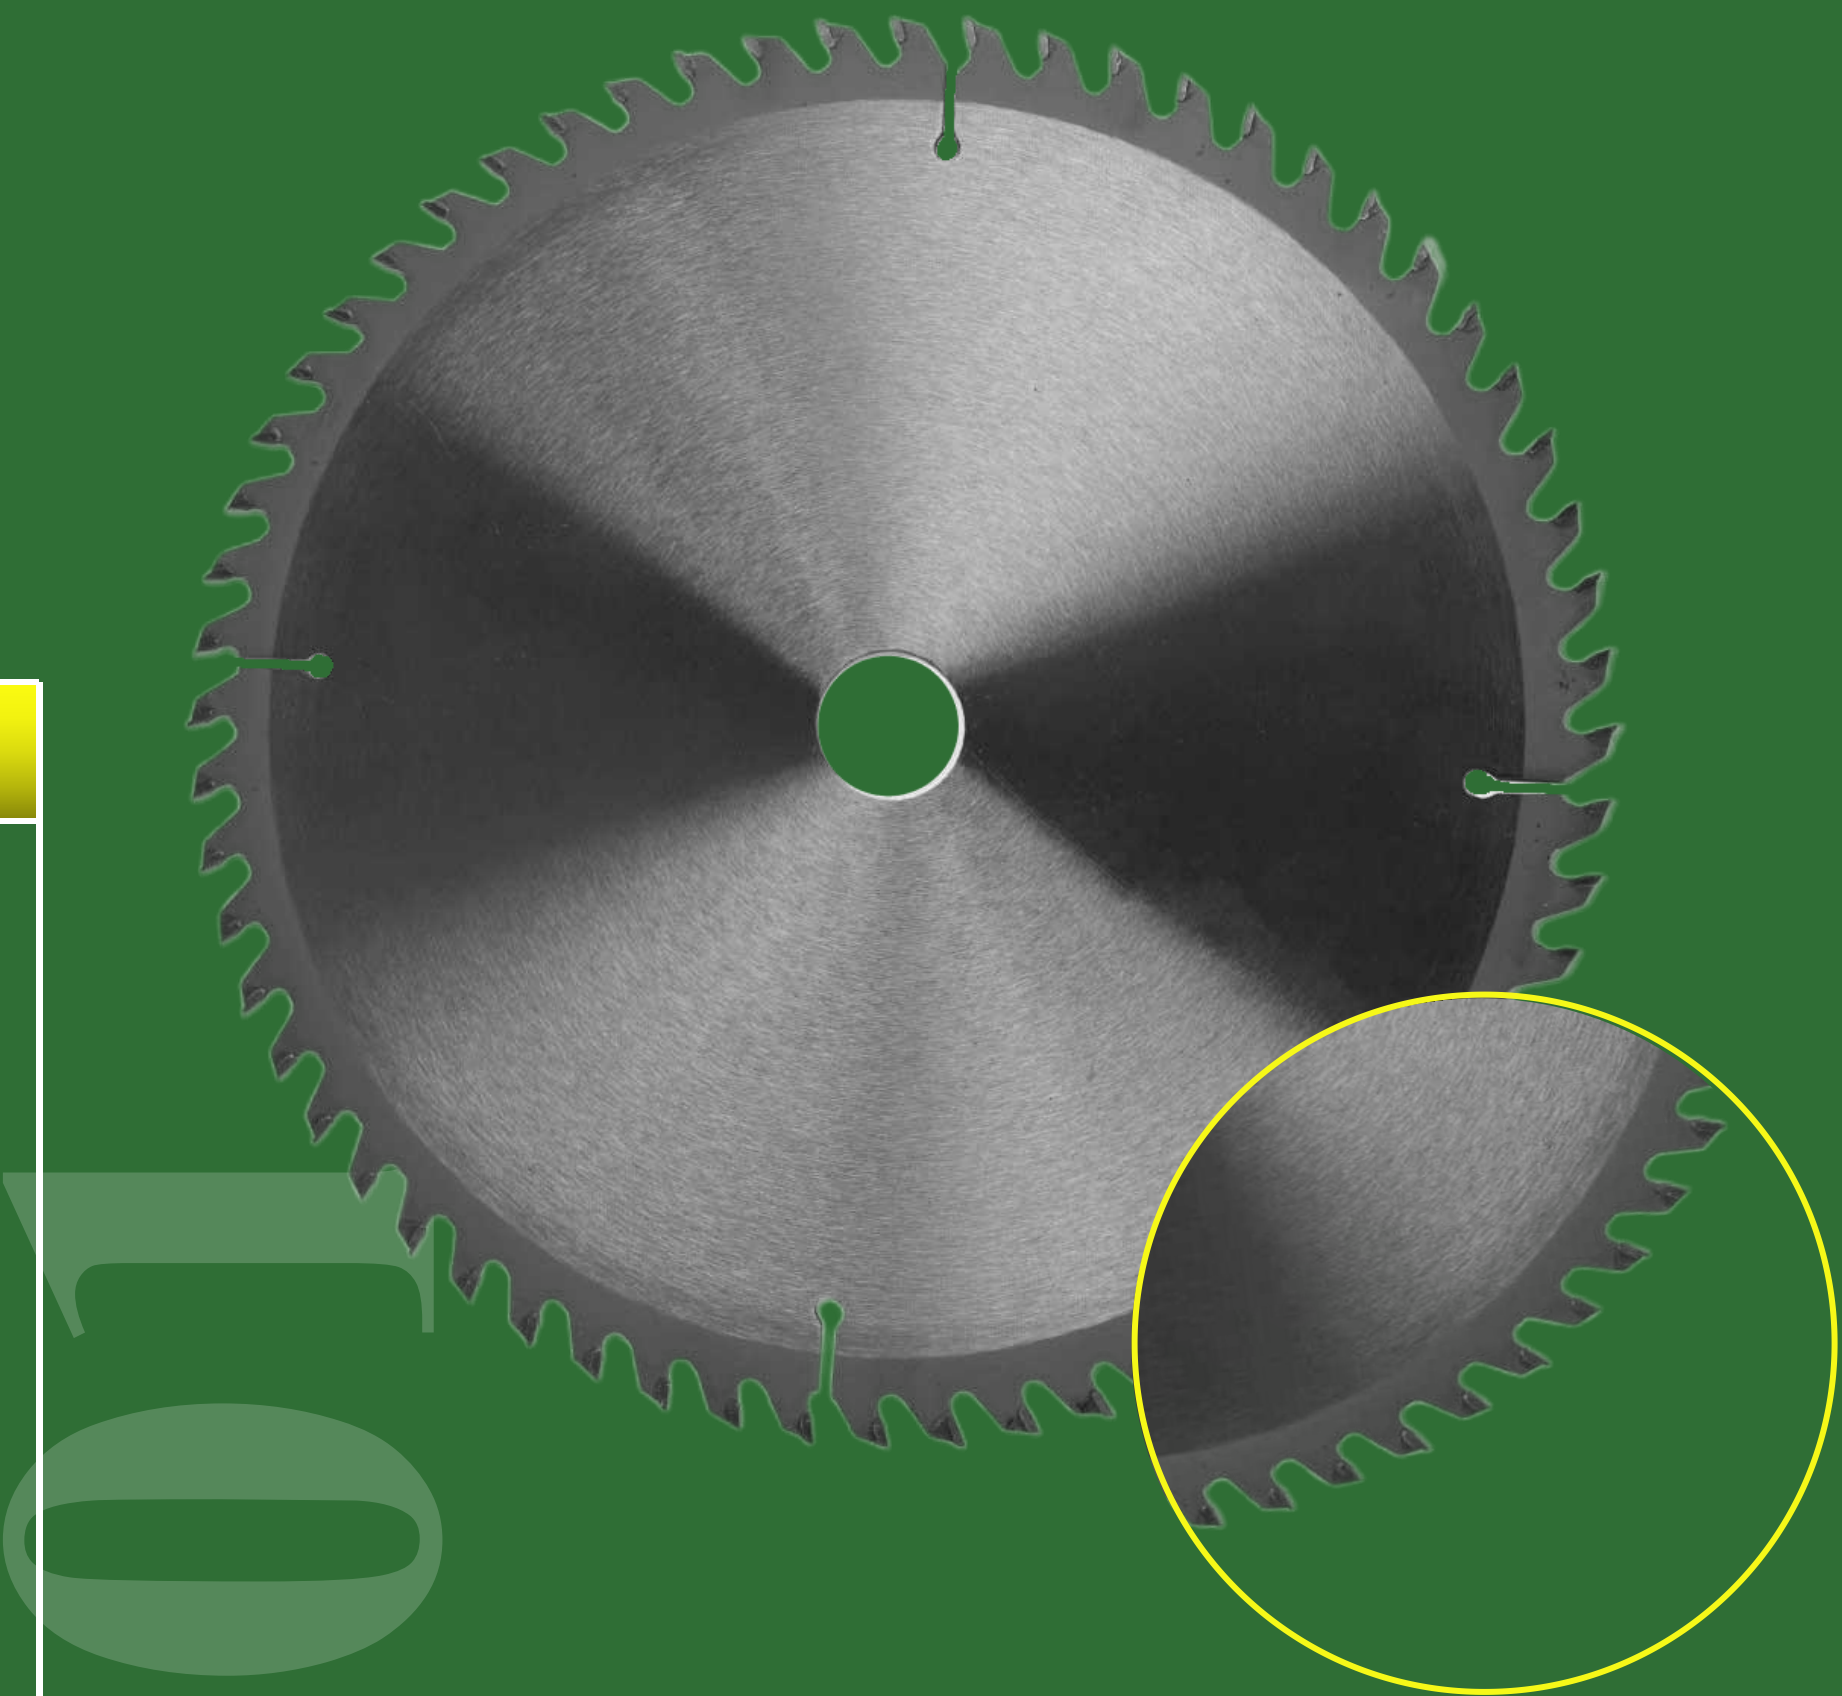

Diameter	Arbor
76mm	Customizable
110mm	
115mm	
125mm	
180mm	
230mm	
250mm	
300mm	
350mm	
400mm	

Cutting Tools

TCT Blade

- long-lasting cuts in wood, plastic, and composite materials.

Diameter	Teeth	Arbor
110mm	12t	Customizable
110mm	24t	
110mm	36t	
185mm	24t	
185mm	36t	
185mm	48t	
235mm	24t	
235mm	36t	
235mm	48t	

Diamond Drilling Tools

Long Shank Diamond Saw Blade

Diameter	Length
19mm	220mm
20mm	220mm
25mm	220mm
30mm	220mm
35mm	220mm
40mm	220mm
45mm	220mm
...	220mm
150mm	220mm
158mm	220mm
165mm	220mm

- Long shank drill bit.
- Total length is 220mm.
- For granite, marbles, stones, walls, masonry, tiles, floors and ceramic tiles, ceramic blocks and similar materials.

Diamond Drilling Tools

Electroplated Diamond Saw Blade

Diameter	Adaptor
6mm	Customizable
8mm	
10mm	
12mm	
15mm	
18mm	
22mm	
25mm	
32mm	
38mm	
50mm	

- Suitable for drilling tile, granite, marble and other natural stones with superior efficiency.
- Excellent drilling speed and reasonable lifespan.
- Clear edge.

Diamond Drilling Tools

Vacuum Brazed Diamond Saw Blade

Diameter	Adaptor
5mm	Customizable
6mm	
8mm	
10mm	
12mm	
14mm	
15mm	
16mm	
18mm	
...	
68mm	

- Vacuum brazed
- Size customizable.
- Longer lifespan

Drilling Tools

Bi-Metal Hole Saw Drill Bit

- Compatible material: wood, aluminum, fiberglass, plastic, copper.
- 16mm-76mm Hole saw set available.
- Customized packages and designs are available.

Diameter	
19mm	51mm
22mm	64mm
25mm	76mm
28mm	89mm
38mm	102mm
44mm	127mm

Drilling Tools

Drills

Øpol	Length (mm)	Øpol	Length (mm)
5mm	110mm	12mm	160
	160mm		210
6mm	110mm		310
	160mm	13mm	160
	210mm		260
6.5mm	160mm	14mm	160
8mm	160mm		260
	110mm		210
	210mm	16mm	210
	260mm		160
10mm	210mm		260
	260mm		
	310mm		
	160mm		

- Centring tip for easy drilling
- Made from high quality materials for powerful and efficient operation
- Suitable for masonry and concrete

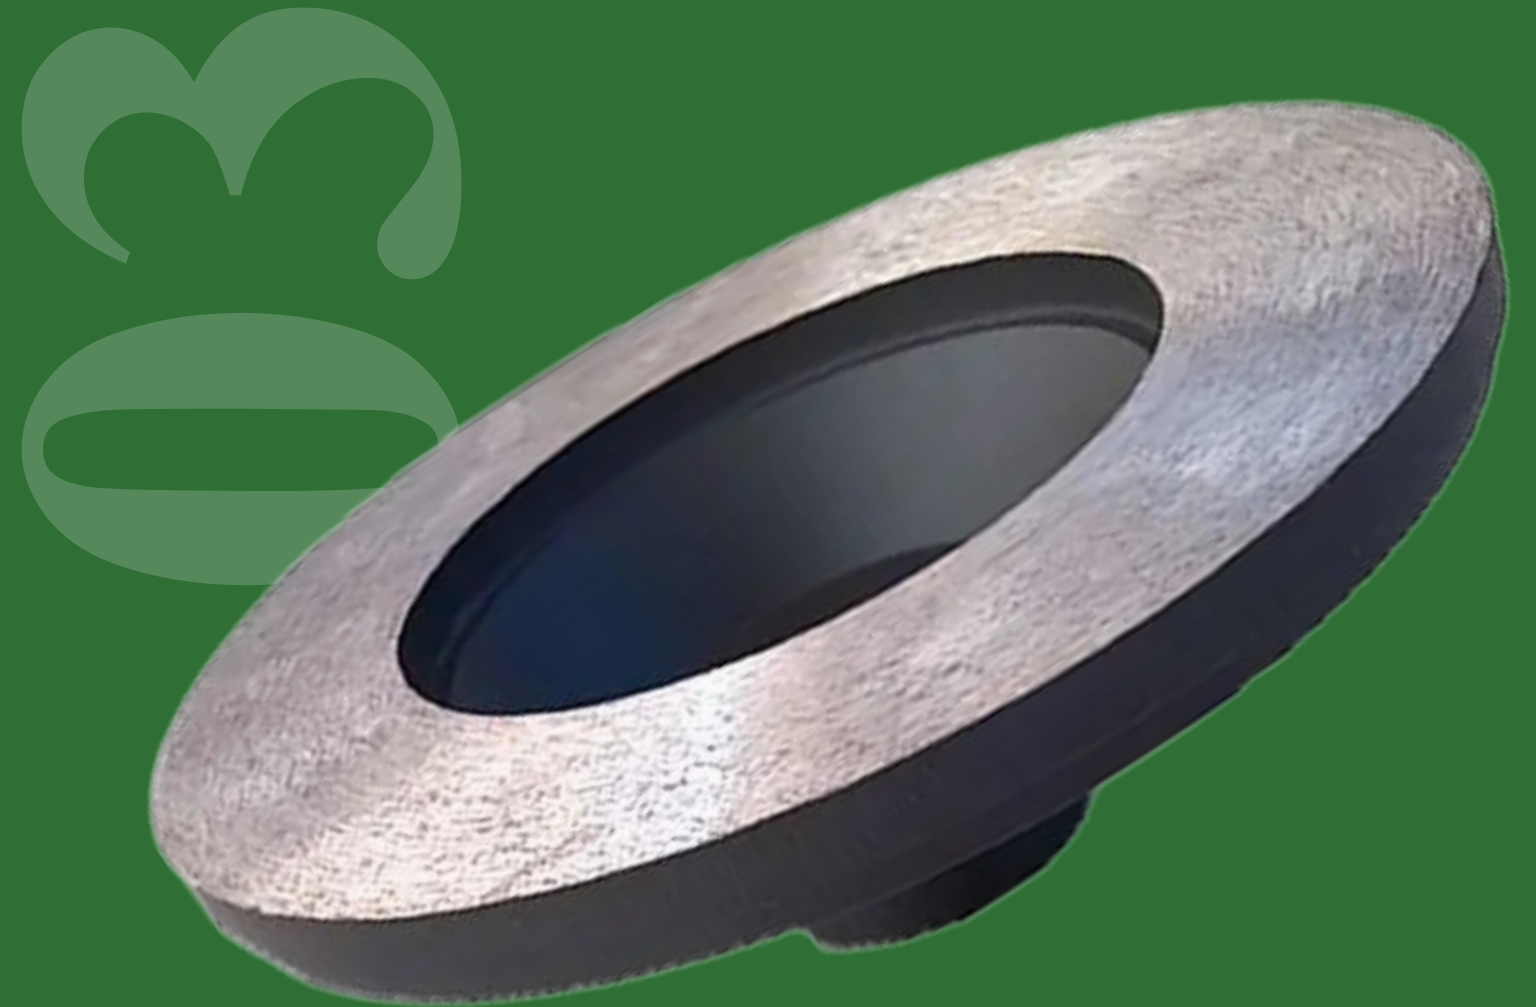

Diamond Grinding Tools

Diamond Cup Wheel

- Multi-use, suitable for concrete, granite, and marble and etc.
- Customized packages and designs are available.

Diameter	Adaptor
80mm	Customizable
100mm	
120mm	

Diamond Grinding Tools

Diamond Cup Wheel

Diameter	Adaptor
100mm	Customizable
125mm	
180mm	

- Suitable for stone concrete travertine surface smoothing.
- Customized packages and designs are available.

Diamond Grinding Tools

Diamond Cup Wheel

Diameter	Adaptor
100mm	Customizable
125mm	
180mm	

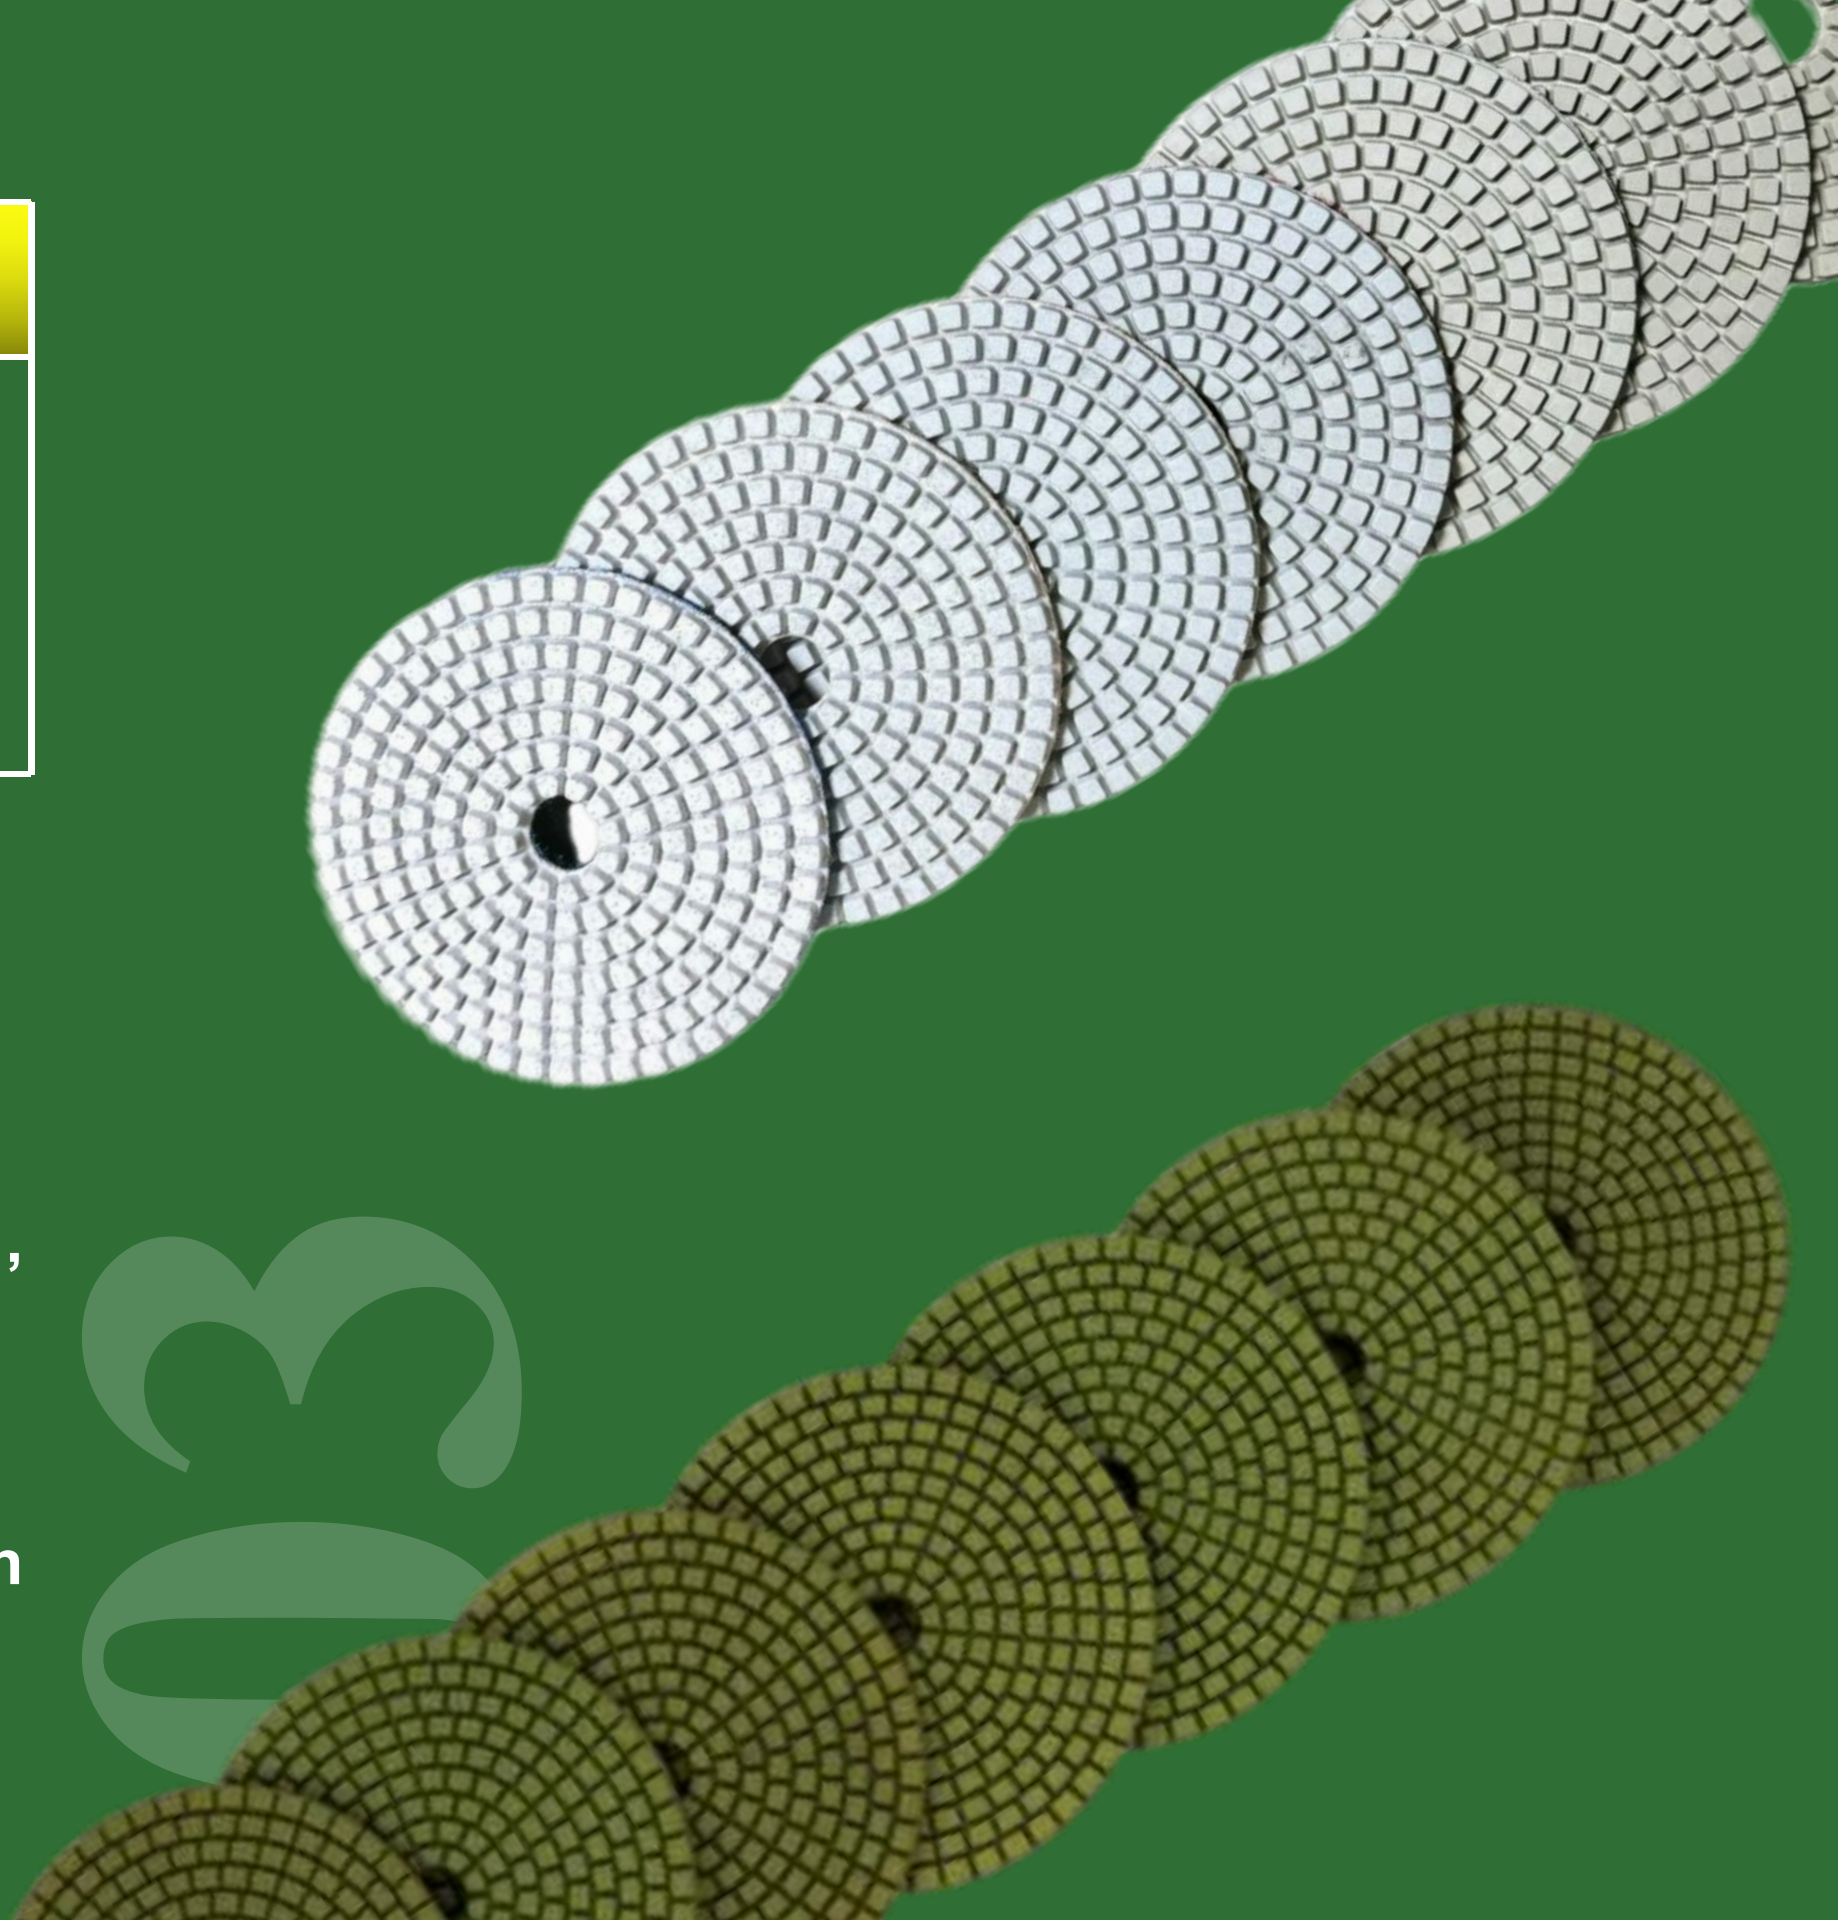

- Suitable for drilling tile, granite, ma
- A double row of diamonds rims on these blades provides for heavy material removal and provides longer life.

Diamond Polishing Tools

Polishing Pads

Diameter	Grit
100mm	50#, 100#, 200#, 400#, 800#, 1500#, 3000#
125mm	

- Wet polishing
- Suitable for polishing stones, granite, and etc.
- Customizable package and design available.

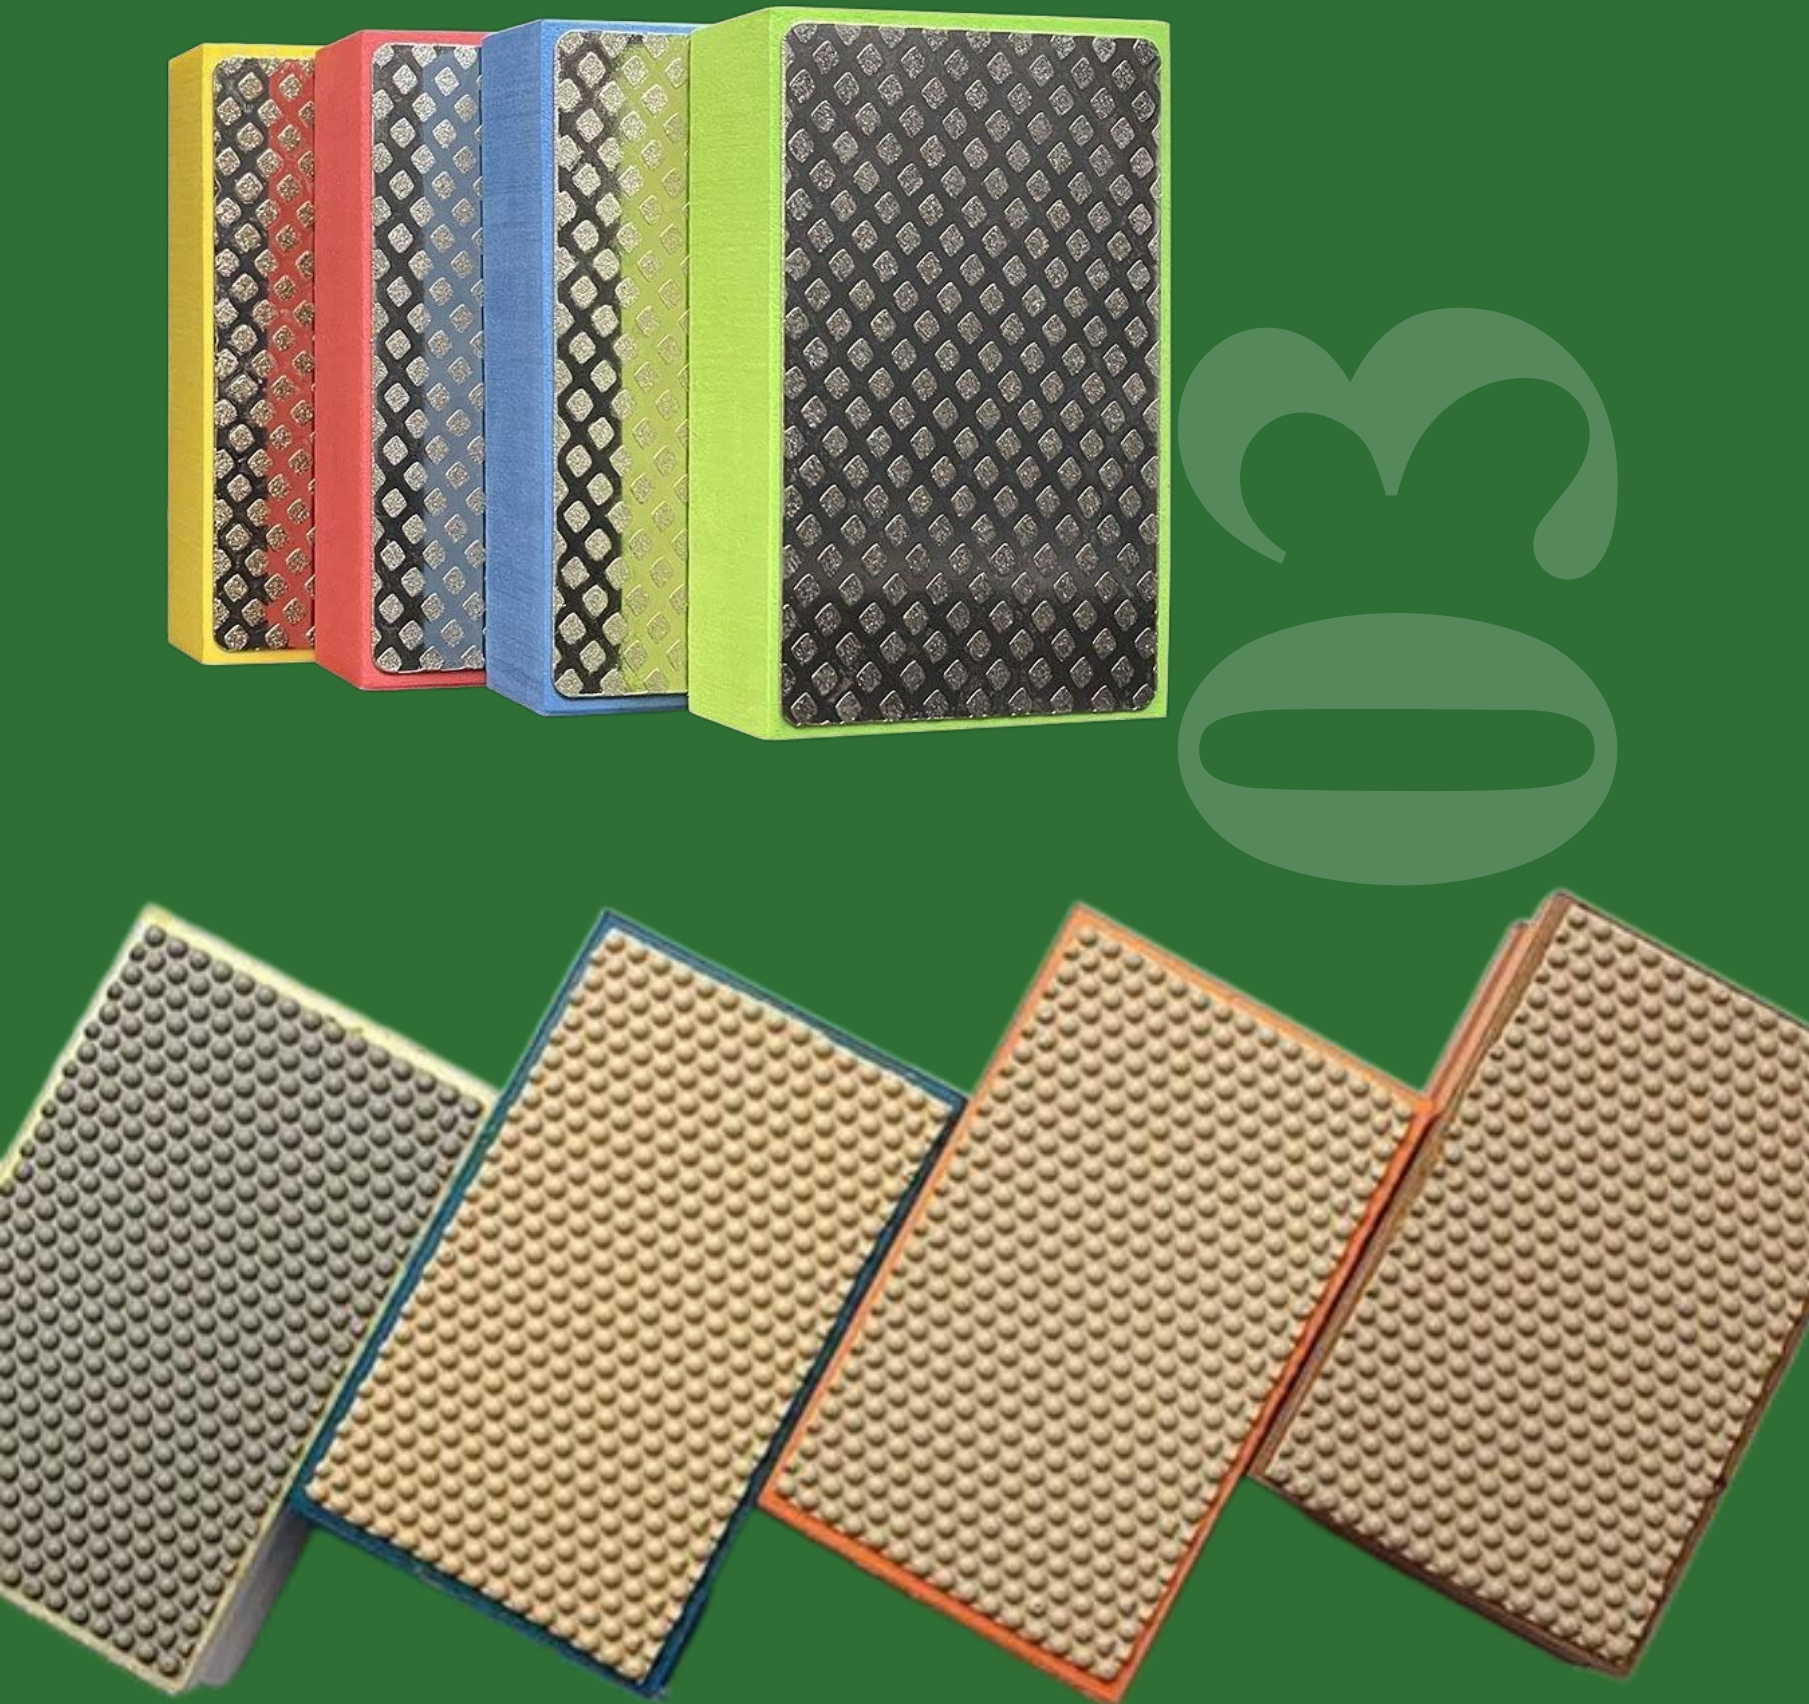

Diamond Polishing Tools

Hand pad

- Various choice for you.
- Customized package and design is available.

Type	Grit
Resin	#800/1000/1500/ 3000
Diamond	#60/120/200/400

Polishing Tools

Carving Disc

- Suitable for rapid removal and shaping, especially for convex and concave areas.
- Tungsten carbide coatings consist of hundreds of extremely sharp teeth that rapidly remove stock and outlasts hundreds of sandpaper pads.
- Labor saving and cost-down.

Diameter	Arbor
100mm	22.23mm
115mm	22.23mm
125mm	22.23mm

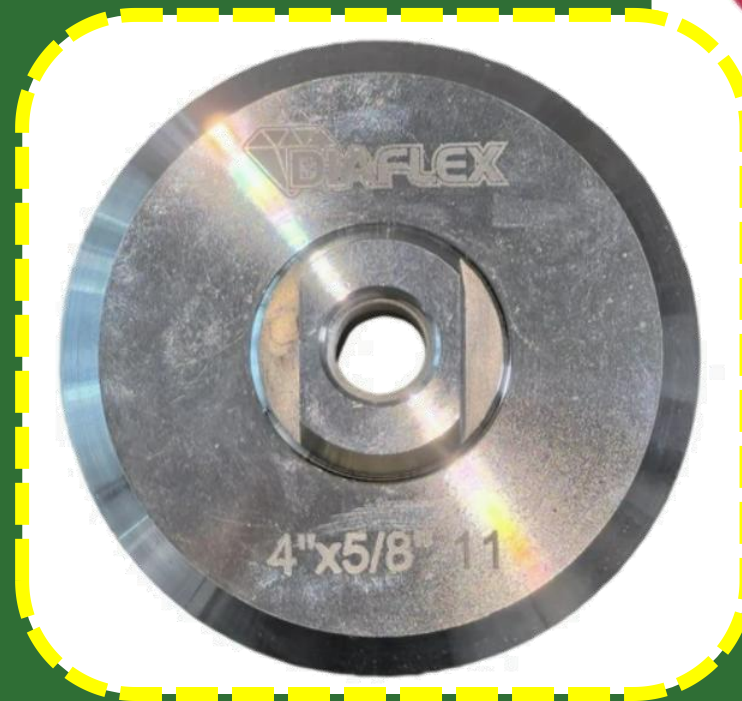

Accessories

Backer Pad

- Multi-choices (Aluminum, rubber, plastic)
- Sturdy & Long-Lasting
- Customized packages are available.

Diameter	Arbor
100mm	M14
125mm	M14
